Dear Friend,

GARRISON
MSS.

May I, unknown as I personally am to you, venture to present a highly respected friend of my own to your acquaintance. Isaac Winslow, of the Society of Friends. He is accompanied by his daughter & niece, who from the perusal of your communications to American Abolitionists & a grateful appreciation of your services to our cause look forward to the pleasure of seeing you at the Convention in London with no common satisfaction.

With affectionate & grateful regards
I am yours ever
Marice Weston Chapman.
